

HORSES WANTED for life changing community work.

Do you have or know of a horse or pony that is worth its weight in gold and would like to join a friendly team at West Auckland Riding for the Disabled to do light riding duties whilst receiving expert care and attention?

West Auckland RDA run therapeutic horse-riding sessions for children with a variety of physical, developmental, emotional challenges. We have a growing waiting list. We are situated on the spacious Henderson Valley Equestrian Park and have access to all land and facilities. Herds are managed according to needs, our paddocks have shelter, shade and dry pads. Our new indoor riding facilities will include 7 stables.

Horses are the very core of our operations, and their wellbeing is paramount to everything we do. As well as doing RDA work they are allocated a competent long term rider/carer, who may do Pony Club and shows, and trail-ride outings to forest and beach transported in our double angle load float.

ALL our horses benefit from regular farrier, dentist, physio, saddle fitting and vet care.

Our NZRDA Operational Certificate requires horses' work and stress levels to be monitored and that we comply at all times with the Animal Welfare Act 1999.

We would love to hear from you, if you have a suitable horse/pony that could join our well managed herd. We are looking to lease or buy.

Vet references available.

To discuss please contact **Linda Graham – Horse Committee** on 021 254 9709 or email horses@westaucklandrda.org.nz. All welcome to come and see what we do!
